Re: Final Reminder - Transition to TransPass for 7<sup>th</sup> and 8<sup>th</sup> Grade Students

---

Two years ago, the Department of Transportation Services shared with you that students in grades seven and eight would be provided with a free Transpass and that yellow bus service would end. A one-year extension was granted during the 2018-19 school year.

Effective August 1, 2019, The Department of Transportation Services will supply all seventh and eighth grade students enrolled in Young Scholars with a free Transpass. Furthermore, any student currently assigned to a bus route will be transitioned to a Transpass.

This notification is the final reminder. Should you have any questions or concerns please reach out to your Scheduling Analyst.
